

# Stress Assessment

On a scale of 1-10, my stress level is:

1      2      3      4      5      6      7      8      9      10

**Low Stress**      **Moderate Stress**      **High Stress**

What is causing my stress?

When was the last time my stress level was significantly lower? What changed?

Physical symptoms I am experiencing:

Ways I can lower my stress are:
